New Appointment.

The O.C. has yet added another title to his already long list of "Nick-Names". His latest being Rocket Liaison Officer (R.L.O.) His services will be invaluable to the chain stores back home when they do their purchasing for Guy Fawkes night. (We're only wondering when he'll get his D.S.O.!)

Celebrity Centre.

311's liaison personnel of 31A have once more had the pleasure of entertaining high ranking dignitaries. When the informal handshake introduction with the Vietnamese Ambassador to Australia, & Group Captain Calhoun, his aide, was over, they and Col. WHITE discussed serious and jovial matters concerning the Task Force and the L.P. site. After their brief but informative talk, they adjourned to Tac HQ.

It is believed that the next on the list of visiting dignitaries are Vic Morrow and John Wayne.

Gear-Box Talk.

"One more grind like that and we'll have to get engaged".

Snakes Alive.

Showing the true form of a Queen Scout, Ernie Newbold killed the snake which scared the pants off Bob King at 31C this week.

The complete story is full of human interest, but when interviewed by "T.E.E." the hero was too modest to amplify and the heroine too shocked to talk.

U.F.O. Dept.

Last week Bdr Maurie Arch had Arty Tac THINKING, with has eight figure grid reference of a UFO which appeared on the radar screen. LP1 suggested that it could be an army light aircraft and this was confirmed by Kangaroo Control as being a Possum. We thought "Log Reps" were the ultimate, but Maurie, you've topped that with a "Poss Rep". What Next!!

The Challenge.

Mr. Wight isn't letting the grass grow under his feet, after the mention Nick "730 Day Body" Proskurin received in last week's issue. Mr. Wight is after the coveted title of "Mr. NUI DAT 1967" and has aquired the Chest Expander" set from the Q Store. It's going to be interesting to see what develops.

"How do I hear YOU?"

Story goes that things were very quiet at C/S 30 on the night of an impending attack when Arty Tac moved back from their bunker to the Palace after a practice alert.

"How do I hear YOU?" Cont.

Luckily a Sig Bdr, who shall remain anonymous, was in charge and after conducting an exhaustive series of tests on the AN/PRC 25, handsets, remotes, etc, managed to cure the problem by moving the function switch to "ON".

"HOW DO YOU HEAR ME NOW.....?"

WHO'S WHO.

LP 2

The Sunray is Bdr Merv 'Bluey' Dart, who has practically tested every site in the Battery, but has come to a conclusion that the 'simple life' in the 'J' is for him.

Leigh 'Mouse' Baker, beleived to have been a bit of a rally driver in his time, is now making plans for a possible DAT DO Rickshaw 500. He is also noted for his favorite bearing of 6470 mils.

Mick Campbell, the Male Model from Vic, is feeling quite at home, more so now, since the lifting of medical restrictions and managing to move Carlton United Breweries to the top of HORSESHOE.

Tony 'Goldtube' Goldsmith is wrapped in the view of the sea from the LP's new position. But he has to be kept under surveillance for fear of him wondering off to the call of the surf.

Mick King is now noted for his ability with the bearing board since nails are used to mark the graduations. This combined with the knowledge of the sun rising in the North, makes him the perfect LP man.

Max 'The voice' Troynar, looks like taking off HORSESHOES monthly Moaners Trophy, which he presently holds. Also the boys out there are thinking of presenting him with a 'Gopher' Stamping kit.

Educational Vacation

Are you tired of living at NUI DAT, are those night shifts getting you down? Would you like a change?

Here is all you have to do, apply for an Education Course at VUNG TAU and spend several glorious, carefree weeks at the major R&C Centre in the Country. Application forms are available at the Orderly Room.

Several members have already taken the opportunity to go on this wonderful get-away-from-it-all-holiday; how about you?

***** Idea from Ernest G NEWBOLD.

HUMOUR HINT

A man walked into a Chemist Shop that was being attended by the owners somewhat prudish wife. "May I have 6 contraceptives, Miss?" he asked.

"Don't Miss me" she retorted.

"OK", the eager fellow replied, "Better make it seven!"
